Report of State Tax Commission

Concord, New Hampshire,
February 26, 1942.

Board of Selectmen, Exeter, New Hampshire

Gentlemen: In accordance with the request, as expressed by a vote taken at the annual meeting in March, 1941, an audit and examination has been made by this division of the accounts of the Town of Exeter for the fiscal year ended January 31, 1942, a report of which is submitted herewith. Schedules as hereafter listed are included as part of the report.

Scope of Audit

The accounts and records of the following officials were audited, viz.: Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Library Treasurer, Clerk of the Municipal Court, Trustees of Swasey Parkway, Trustees of Trust Funds, and the Gardiner Gilman Library Building Fund.

Statement of Indebtedness, Valuation and Taxes

In order to show the trend during the last ten years and for purposes of comparison, this statement showing the Outstanding Notes and Bonds, Net Debt, Assessed Valuation, Tax Levies, Uncollected and Unredeemed Taxes, and the Local Tax Rate as compared to the Average State Tax Rate, for the fiscal years from January 31, 1933, to January 31, 1942, is presented as Schedule A.

Comparative Balance Sheet

A comparative Balance Sheet for the fiscal years ended January 31, 1941, and January 31, 1942, is contained in Schedule B. It will be noted that during this period the Net Debt of the Town increased by $191.56. In view of the fact, however, that $7,508.05 was taken from Surplus during the year and considered as a revenue item in the calculation of the 1941 tax rate, the town officials are to be commended for their efforts in keeping the Net Debt increase down to this practically negligible amount.

Statement of Bonded Debt and Annual Maturities

This statement, designated as Schedule C, indicates the three remaining bond issues which were outstanding as of January 31, 1942. Annual maturities of principal and annual interest requirements are noted therein.

Summary of Receipts and Expenditures

A summary of receipts and expenditures for the fiscal year ended January 31, 1942, prepared in accordance with the uniform classification of accounts is included in Schedule D.

Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues

An analysis of appropriations and expenditures and estimated and actual revenues is made in Schedules F and G, respectively. A net excess of actual over estimated revenue of $2,381.70, and a net overdraft of appropriations of $624.15, resulted in a Net Budget Surplus for the year of $1,757.55. Had it not been for the large expenditure and consequent overdraft occasioned by the Phillips Exeter Academy tax case the Budget Surplus would have undoubtedly been much larger and a consequent decrease in the Net Debt would have resulted.

Accounts of Selectmen and Treasurer

Vouchers issued by the Board of Selectmen during the fiscal year ended January 31, 1942, were examined, together with the supporting invoices and Road Agent's cancelled checks issued for payroll disbursements. Classification of accounts was noted. The cancelled checks of the Treasurer, issued upon orders of the Selectmen, were compared with corresponding entries in the combined Selectmen's and Treasurer's cash book and found to be in agreement therewith. The receipts of the Treasurer were checked by source, insofar as it was possible to do so. Totals of receipts and expenditures were verified. The Treasurer's cash book balance as of January 31, 1942, was $28,127.20. The bank balances as reconciled from statements of the two depository banks, plus undeposited funds, on hand, totalled this amount. (Schedule E).

Taxes

The tax warrants of Collector Commings for the levies of 1941, 1940, 1939, 1938 and 1937, were audited and balanced as indicated by Schedules H to L, inclusive. An examination was also made of the tax sales records and a summarized statement of these accounts appears in Schedule M. Verification notices were sent to all taxpayers appearing as delinquent on the Collector's records.

Sidewalk, sewer and spraying assessments and collections were audited and the condition of these accounts is reported in Schedule O.

Town Clerk

The accounts of the Town Clerk, including the issuance of motor vehicle permits and dog licenses, were examined. All funds received by the Clerk were properly accounted for either through remittances to the Treasurer or through refunds made on account of motor vehicle permits not used. (Schedule R.)

Other Accounts

The records of the financial transactions of the Library Treasurer, Clerk of the Municipal Court and Trustees of Swasey Parkway were audited. In each case the proper vouchers were produced and bank balances were verified. (Schedules S, T and V.)

The activity in the Bond and Coupon account during the fiscal year is indicated in Schedule U.

Trust Funds

The securities and bank books representing the invested principal and unexpended income of the trust funds were examined. A summarized statement of the different classes of trust funds is made in Schedule W.

A detailed account of each fund, showing the activity during the year, appears in Schedule X.

Gardiner Gilman Library Building Fund

Expenditures made by Edwin W. Eastman, Treasurer of the Trust Funds, on account of the Gardiner Gilman Library

Building Fund, were supported by the proper vouchers approved by the Library Building Committee. Schedule Y summarizes the activity in this account.

Town Officers' Surety Bonds

The surety bonds of the town officers were examined as to form and amount. We did not find any bond for the Road Agent, and it was recommended that the bond of the Trustees of Trust Funds be rewritten and signed by the principals.

General Comments

The accounts and records of all the town officers were found to be in good condition and the accounting procedure in accordance with the standard system prescribed by the Tax Commission. No irregularities, discrepancies or shortages were discovered. For their cooperation and time spent with us during the course of the audit, we extend our thanks and appreciation to all town officers of Exeter.

Yours very truly,

Notice to Property Owners

You are required to take measures to suppress the brown-tail moth on your premises. This pest is present in destructive numbers on many apple trees and on some shade trees. It is found as a tightly-woven web attached to the tips of twigs. The web is about as large as a hen's egg. All webs should be cut off and gathered up and burned. These measures must be completed before April 15, in order to be effective.

Property owners are required by law to take necessary measures for suppression of dangerous pests up to a cost of ½ of 1% of the tax valuation of the property.

ROBERT W. SAWYER,
CHARLES C. RUSSELL,
JOHN E. LARY,

Selectmen of Exeter.

The Library Improvement

As will be understood by those familiar with the difficulties faced by builders in the present chaotic conditions, the work on the addition to the Library has dragged out to wearisome length. Since the undertaking included, beside the new structure, coordination of the old with the new, and since the amount of the Gilman bequest set a definite limit to the funds available, the committee found it necessary to feel their way in the matter of desirable but avoidable expenditures. This caution in incurring obligations lengthened the period of disorganization. The task of handling 35,000 volumes, of cleaning books and shelves from the dust resulting from building operations, involved a considerable but inescapable expense. Except for two items, additional shelving in the children's room and radiators in the second story, the changes contemplated are now complete.

The Library has gained, in addition to the charming children's room and the reserve room above it, a new heating plant, new lighting service, new and convenient desk equipment, repainting, a thorough cleaning, the removal of the barricade that shut off users of the Library from the shelves, the return of the main rooms of the old building to the adult use for which they were intended. The new arrangement has received general commendation. The committee owes much to the generosity of Mr. Arthur J. Conner, who, by his gift of the furniture required, released funds for desirable improvements which must otherwise have been economized out.

The architects, Huddleston and Hersey of Durham, and the contractor, W. M. March of Rochester, have done their work well. Our librarian, Miss Marian Goodwin, has, through the drawn-out interval of construction, refitting and clean-up, given abundantly of her technical knowledge and personal energy to a task which, for the most part, lay outside the terms of her employment. Her assistants have attended to business

with their usual competence, undaunted by adverse conditions. Mr. E. Winter Eastman, Treasurer of the Trustees of Town Trust Funds, has taken, without a murmur, the additional work imposed upon him. Our janitor, Edward Campbell, has been consistently helpful. The committee is confident, especially in view of the uncertainty of future return from invested funds, that the bequest of Gardiner Gilman could not have been applied in any other way to provide such lasting satisfaction to the increasing number of our townspeople who look to the Public Library for information and mental relaxation.

The account of expenditures follows:

Construction on the new wing began early in the summer and after many delays was completed for resumption of regular routine work the first week in January. The abundance of light, pastel color scheme, spaciousness, compact working units, and new furniture, which was provided by Mr. A. J. Conner, all make it a delightful place in which to work, and much admired by visiting librarians. The room east of the front door, formerly the children's room, is now devoted to current magazines and to shelves of books for teachers or on special subjects for groups which may request it. The opposite room contains reference books and complete file of *News-Letters* the early numbers of which are housed in a fireproof case, also given by Mr. Conner. This is a very valuable gift since we are the possessors of the only complete file of *News-Letters* which, therefore, merit maximum protection.

From Dr. F. A. Charles, in memory of Professor J. A. Tufts, was received a gift of $5.00 to buy non-fiction. "Crusader in Crinoline," a biography of Harriett Beecher Stowe, and "Churchill" by Kraus were the titles purchased.

Early in May Mrs. Campbell was obliged to leave because of lack of W. P. A. funds. In June the librarian attended the American Library Association meeting in Boston. Jeanne Summerfield took the two-weeks' summer institute course at Durham.

Exeter has been chosen as the sorting center for the Victory Book Campaign for the southern part of the state. We examine the books collected and each week send to New York, the national headquarters, a report of their number and condition. From there we receive instructions as to which army post to send each lot. Work on the new shelf list is nearing completion; about 20,000 cards have been made.

Respectfully submitted,

MARIAN GOODWIN.

Changes in Personnel

The year 1941-42 brought the greatest changes in personnel since 1928. Six new members have joined the Seminary faculty, four in September and two since the opening of school.

Miss Edith Congdon replaced Miss Barbara Loomer as teacher of mathematics and junior business training.

Miss Doris Evon succeeded Miss Lillian Murdock as teacher of Biology and Chemistry. She also teaches Sociology.

Miss Teresa Henderson became teacher of Latin and Junior High English, succeeding Mrs. Marion Knox.

Miss Phyllis Turner replaced Miss Katherine Deering in the French Department.

Miss Ruth Shea was selected to succeed Miss Elizabeth French, as teacher of Sewing.

Miss Mary Leighton, the most recent appointee, replaced Miss Bernice Roe as teacher of Elementary History and Civics.

Present Activities of the Class of 1941

University of New Hampshire	5
Keene Teachers' College	2
LaSalle Junior College	1
Westbrook Junior College	1
Kathleen Dell Secretarial School	1
Training for nursing	1
Wilfred Beauty Academy, Boston	1
Bookkeeping or secretarial positions	9
Other employment	11
Unemployed	5

An analysis of the above figures reveal that 10 or 27.2% continued their formal education; and 9 or 24.3% secured secretarial positions. This last group represents 40.6% of those who were graduated from the Commercial Course.

Reports from the University of New Hampshire speak very favorably of the marks attained by the Seminary girls in the English tests during Freshman Week. On this basis, they were exempted from the first course in English.

Curriculum and Program Changes

The most important curriculum change for the current year was in the field of Home Economics and in the subject of Foods and Nutrition. The former course offered in the Junior year included five periods of Chemistry and four of instruction in Foods.

By the new arrangement, Foods and Nutrition is a seven-period Sophomore subject and is followed in the Junior year

by a seven-period course in Chemistry. It will be seen that this arrangement gives the pupils not only a total of five more periods of instruction, but offers adequate preparation for those who desire to train for nursing.

The Home Economics program now includes: (1) Textiles and Clothing; (2) Biology and Foods and Nutrition; (3) Chemistry; (4) The Home, Its Care and Management, and The Family and its Members.

Credit is due Miss Bryant for her keen interest and cooperation in making the change which added considerably to her teaching program.

The above curriculum change caused indirectly the elimination of Economic Geography. Only one pupil selected it from the Sophomore electives, which also included French and Ancient and Medieval History.

Registration in Latin I was the greatest in several years, necessitating two divisions. In order to give more time to the members of the large Algebra class, Miss Brown has it divided three days per week.

Hearing Test

Under the supervision of Miss Julia McQuade, a hearing test was administered to all the classes at the Seminary by using the audiometer. A retest was given to all deficient and doubtful cases, and the writer is glad to report only seven cases which showed need of medical examination and possible treatment. The parents have been informed concerning the final results and urged to take necessary action.

Music Program

The Seminary wishes to go on record as urging all parents of pupils interested in music to take advantage of the program offered, Glee Club, Orchestra and Band, as well as instrumental classes. It is during the school years that the best foundation is laid for future enjoyment, both in appreciation and performance.

Class Gift

Instead of one gift to the school, the Class of 1941 extended its generosity to the Town of Exeter in the purchase of an extra oxygen tank for use with the inhalator presented to the town through the American Legion Post.

To the Seminary, the class gave a silver athletic cup, on which will be engraved the numerals of the class winning the annual interclass athletic competition.

The program includes hockey, soccer, soft-ball, basketball, track events, and gym exhibition. A school monogram is awarded each pupil who earns 100 points for membership on school and class teams.

Air Raid Precautions

A new problem for schools has arisen from the threat of an air raid. Therefore, steps have been taken to drill the pupils in Robinson Seminary to meet such an emergency.

At several assemblies, the writer has explained the organization for Civilian Defense; the distinction between aircraft warning service and air-raid wardens' service; the duties of individuals in case of a raid; and the drills to be followed and signals for drills at the Seminary.

When and if sufficient warning is given (that is, thirty minutes), the pupils will be evacuated to homes within a fifteen-minute walking distance from the school. Non-resident pupils have been placed in homes of friends and their parents informed of the plan. No pupil is to go to any house other than the one stated in the school record approved by the parents.

In the case of a sudden raid, the pupils will be assembled in the lower corridors and given the protection offered by the inner walls.

The first evacuation test was accomplished in three and one-half minutes from the time the signal sounded until the pupils had left the building. The conduct of the pupils during the test was very commendable, and it is sincerely hoped that it will be the same in an emergency.

It is the intention of the Faculty to avoid any unnecessary fear or confusion and just to carry on the normal program.

Service to the Community

Service to the community is part of the program of the Seminary. When and if a group can assist in some of the local activities, willingness seems to be the keynote.

The Tri-Hi-Y group accepted the responsibility of the Red Cross collection at the school. Several girls have done considerable typing and mimeographing for the Local Defense Committee. Several from the Commercial classes accepted gladly the opportunity to assist in the Selective Service registration on February 14-16. Others have set a good example by knitting and sewing for the Red Cross. More should cooperate in this great enterprise.

The New Hampshire Society for Aid to Crippled Children and Handicapped Persons will be assisted in preparing and mailing the seals and letters in the annual drive.

Activities such as these should be of value in broadening one's outlook and in making pupils appreciate more fully what is done for them.

Conclusion

The writer appreciates that a brief report of this nature fails to cover several aspects of the work done at Robinson Seminary. Inquiries during the year relative to individual cases are welcomed, and any parent wishing to confer with a teacher has only to call and make an appointment. Special conditions affecting the attendance or accomplishment of a pupil should, in all fairness, be reported to the school authorities.

Respectfully submitted,

JAMES A. PIRNIE,

Principal.

Some DO'S and DON'TS for AIR RAIDS

DO'S

1. Know your post warden and respect his or her advice.

2. Prepare a refuge room in your own home.

3. Make provision for blackouts: have no light visible externally.

4. Assemble equipment to fight incendiary bombs in your own home.

5. During a raid, seek the nearest shelter.

6. After a raid, remain at home so as not to interfere with Air Raid Protection (A. R. P.) Services.

DON'TS

1. *Do not permit any lights to show outside during a blackout.*

2. *Do not* telephone to the Report Center for information during a raid, as a Warden's call for aid might thereby be delayed.

3. *Do not* seek shelter at the Police or Fire Station, Report Center or Casualty Center.
4. *Do not* become panicky:—the best guide is common sense.
